SUMMARY

Frontend Developer with 2.5+ years of experience building fast, responsive, and user-focused web applications. Skilled in React.js, Next.js, Astro, and Tailwind CSS with strong expertise in performance optimization and modern UI development. Experienced in building scalable frontend architectures, integrating REST APIs, and delivering clean, maintainable code. Passionate about creating high-performance, SEO-friendly, and accessible web experiences.

TECHNICAL SKILLS

- **Frontend:** JavaScript, React.js, Next.js, Astro.js, Tailwind CSS, MUI, HTML, CSS
- **Backend:** Node.js, Express.js, MongoDB
- **Tools:** Git, GitHub, Postman, VS Code, and Cursor.ai

WORK EXPERIENCE

Frontend Developer — Shrinkcom Software Pvt. Ltd **March 2024 – April 2025**

- Developed responsive web applications using React.js, Next.js, and Tailwind CSS.
- Built reusable UI components and improved performance for faster load times.
- Integrated REST APIs and third-party services to create dynamic interfaces.
- Implemented responsive layouts across desktop, tablet, and mobile devices.
- Fixed bugs and collaborated with designers and backend developers to deliver production-ready code.

Frontend Developer Intern — Nextloop Technologies **Aug 2023 – Feb 2024**

- Developed responsive interfaces using React.js, HTML, CSS, and Tailwind CSS.
- Converted Figma wireframes into pixel-perfect UI components.
- Assisted in API integration and frontend functionality improvements.
- Participated in Git workflows, code reviews, and agile development processes.

PROJECTS

1. **Multi-Vendor E-Commerce Platform (MERN Stack)**
   - Built a full-stack marketplace where vendors manage products and orders.
   - Implemented authentication, role-based access, shopping cart, and Stripe payments.
   - Developed responsive UI with React.js and Tailwind CSS.
   - Created REST APIs with Node.js and Express.js and managed data with MongoDB.

Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Stripe

2. **School Dekho – Educational Platform**
   - Developed a platform to search and compare schools with advanced filtering.
   - Implemented user authentication and admin panel for managing listings.
   - Built responsive UI with React.js and Tailwind CSS and backend APIs using Node.js.

Technologies: React.js, Redux, Tailwind CSS, Node.js, Express.js, MongoDB
